

who accompanied the Col., and who at once established and maintained order.

It was a long time before a reinforcement arrived, and it was almost thought we might be hemmed in by the number of persons in the house, which was considerable. But the trepidation was too great for any organization, and nothing of the sort was attempted, although I think the Zouaves, mad with grief at the loss of their leader, would have been little disappointed if there had been.

Later dispatches say Alexandria is taken, and will be held.

The first Michigan regiment entered the town about 6 o'clock, an hour after the appearance of the Zouaves, and captured a body of cavalry, who at first demanded time to consider their surrender, but were forced to yield their arms without delay.

Another dispatch says 10,000 U. S. troops breakfasted in Virginia this morning.

A movement as successfully executed as it was skillfully planned, has resulted in the capture of a troop of horses, the complete possession of the Alexandria and Potomac line of hills, and thence to points opposite Georgetown.

A dispatch to the Times gives the following particulars of their subsequent movements:

As the steamers bearing the Zouaves approached, the rebel sentries fired in the air and retreated to the main body, said to be about 500 strong.

Simultaneously with the landing of the Zouaves, the 1st Mich. regiment entered Alexandria by the road leading from Long Bridge, and proceeded direct to the railroad depot, of which they took possession, capturing a troop of rebel cavalry.

The Zouaves landed in good order. Company E was the first to disembark and was detailed to destroy the Railroad track which they promptly performed.

Col. Ellsworth then directed the adjutant to form the Regiment, and with the aid of Lieut. Wisner and a file of men, started to cut the Telegraph wires.

They had proceeded but three blocks when the attention of Col. Ellsworth was attracted by a large secession flag flying from the Marshall House.

Ellsworth entered the Hotel and meeting a man in the hall asked who put that flag up.

The man answered "I don't know, I am a boarder here."

Col. Ellsworth, Lieut. Wisner, the Chaplain of the regiment, Mr. House, a volunteer aid, and four privates went up to the roof when Ellsworth cut down the flag.

The party were returning down the stairs preceded by private Brownell, and as they left the attic the man who said he was a boarder but who proved to be the landlord Jackson, was met in the hall having a double barrel gun which he leveled at Brownell. The latter struck up the gun with his musket, when Jackson pulled both triggers, the contents lodging in the body of Col. Ellsworth.

Brownell with the quickness of lightning leveled his musket at Jackson and fired; the ball struck him on the bridge of the nose and crashed through the skull, killing him instantly. As he fell Brownell thrust him through with a bayonet.

Ellsworth's companions held guard some ten minutes, until reinforced by Company A.

After fitting ceremonies here he will be taken to Mechanicsville, N. Y.

The news of the death of Col. Ellsworth created most intense excitement here. Regret at his loss is mingled with a general feeling that he must be avenged.

The steamer Champion brings Panama papers of the 15th.

WASHINGTON, May 24.

Within a few hours past there has been stirring and important military movements.

The New Jersey and Michigan brigades, the New York 2d, 12th, 7th, and 71st regiments and Ellsworth's Zouaves, were so far as at present ascertained the constituted forces which advanced on Virginia.

The Washington city National Rifles, Capt. Smead, at about ten last night passed over Long Bridge to the Virginia shore, halting at the Virginia end until between one and two this A. M., acting as an advance guard. They were followed by other district volunteer companies acting in a similar capacity.

Subsequently the Michigan and New Jersey brigades and the 2d and 12th New York regiments crossed the bridge.

The Virginia pickets having been previously driven in by the advance guard, one of these regiments took the road leading to Fairfax Court House, about 20 miles from Washington, while another, the Jersey, stopped at the Forks a mile from Long Bridge, to await orders. An advance was also made into Virginia from another point namely at the Potomac aqueduct at Georgetown. The 7th Regiment were among these troops, and after several hours march, occupied a point between the bridge and the Columbia Springs on the line of the Washington and Alexandria Railroad. It is understood orders were issued yesterday for two Regiments to proceed to and occupy Alexandria, and it is said Col. Ellsworth's Zouaves crossed over in boats while equally certain preparations were made to seize Arlington Heights, and there is little doubt but these orders were executed. It was at least two o'clock before all the troops reached the places of designation. The troops which did not repair to Alexandria and Arlington were required to guard important intermediate points between Washington and Alexandria. The district militia did not return to Washington until 6.30 this forenoon. From 6000 to 10,000 troops were sent over into Virginia. At an early hour this morning firing was heard occasioned by the driving in of Virginia pickets.

CONFEDERATE TROOPS ON THE POTOMAC.—Fears of an invasion of Cumberland Valley.

CHAMBERSBURG, Pa. May 24th.

Beyond all doubt 5000 Confederate troops are now posted between the Point of Rocks and Williamsport on the Potomac, 7000 are Virginians and the rest Alabamians, Mississippians Carolinians and Georgians.

There were also 500 Cherokees, armed with tomahawks, scalping-knives and rifles. They are from North Carolina and Georgia.

The Virginians are well armed but short of provisions.

Between the Point of Rocks 8 miles below Williamsport and 36 miles above Harper's Ferry, are 35 pieces of cannon at various points—20 of these are brass field pieces. Great apprehension prevails in the Cumberland Valley of an invasion from Virginia.

10,000 head of cattle and 5000 horses could be seized by a sudden invasion of an expedition corps, holding the Valley 5 days even, if finally driven back into Virginia.

A forward movement of Virginia may be expected at any moment.

THE CAPTURED SECESSIONISTS.—Tokens of Respect for the Memory of Col. Ellsworth.—His remains to be taken to New York to-day.—Number of Federal Regiments in Virginia.

WASHINGTON, May 24th.

The cavalry of secessionists captured at Alexandria to-day have been brought to Washington navy yard. The other prisoners are in custody. Federal troops are quartered at the Mansion House. The Fire Zouaves are amusing themselves by riding the secession troop's horses. At 2 this P. M. the body of Jackson still lay where he was killed. The troops between here and Alexandria, have made good progress in throwing up entrenchments.—Col. Wilcox, of the Michigan Regiment, is in command at Alexandria. Ferry boats between Washington and that city will resume their trips next week. Flags all over the city are at half-mast, and the bells are tolling in respect for Col. Ellsworth. To-morrow P. M. his remains will be transported to New York, of which state he was a native. He was 24 years of age.

In all there are 12 or 14 federal regiments on the Virginia side.

The New York Zouaves and Michigan regiments are the only two as yet in Alexandria.

THE N. Y. SEVENTH REGIMENT.—Strong Federal Entrenchments on Virginia Heights.—A Sergeant of the N. Y. Zouaves Shot.

WASHINGTON, May 26.

The 7th Regiment will return home, it is stated on Wednesday.

Strong and extensive entrenchments are being erected by the United States troops on the Virginia heights. They entirely command the approaches from Alexandria.

The city is quiet.

Jackson, who shot Ellsworth, has been taken to Fairfax county for burial. All the furniture has been removed from the Marshall House and it is now occupied by a United States force.

Sergeant Butterworth, of the New York Zouaves, was shot last night by Mike O'Neil of the same corps, who was acting sentry, and receiving no reply to his challenge, fired and instantly killed the former.

Butterworth was a stouter and his failing to answer was caused by this infirmity.

The Marshall House is the Hotel at which Gen. Washington stopped, and Col. Ellsworth was shot near the door of the chamber which Gen. Washington occupied.

Election Returns of Western Virginia.—Large Union Majorities.—Secession Newspaper Office Demolished.

MARIETTA, May 26.

We have the following election returns from Western Virginia. Union majorities: Beckley County 700, Harrison 1000, Wood 1696, Morgan 400, Ritchie 378, London 1000, Jackson 400, Wirt 300, Pleasant 158, Doddridge 550, Barbour 350, Taylor 700, Marion 450, Wells 100, Mason 1700, Cabell 650, Kanawha 1200, Wayne 800 and Preston 500.

The office of the Parkersburg News, a secession paper, was completely demolished on Friday night by a crowd of Union men, who considered it their duty to stop its issue.

THE DECEASED VERMONT SOLDIER.

PHILADELPHIA, May 26.

One of the Vermont soldiers was buried at Fort Monroe Wednesday, named Benjamin Underwood.

FROM WASHINGTON.

WASHINGTON, May 27.

Breastworks are to be extended further into Virginia.

The New York 5th and 28th regiments are two miles beyond Alexandria on the line of the Railroad.

A car loaded with provisions and having 18 secession soldiers on board in citizens dress have been brought to Alexandria.

A man who was seized three miles from that city carrying a secession flag, was made by his captors—several Zouaves—to carry it on a pole to the Marshall House, and there trample on it. The man was then placed in custody.

Other seizures continue to be made.

HEAVY DESERTIONS AMONG VIRGINIA TROOPS.

CHAMBERSBURG, May 27.

The Virginia troops opposite to Williamsport have been reduced to 400.

Scarcely a night passes that heavy desertions do not occur. A strict guard is still maintained on both sides of the River.

The troops at Harper's Ferry have fallen back from the town proper.
